To the donors of the University Women's Club of Montreal,

As one of this year's recipients of the bursary, I am really honored to have been selected and very appreciative for the opportunities this award will provide me. I rely on government student loans to help finance my education, and your thoughtful and generous gift will help reduce my financial burdens, and provide assistance for me as I continue pursuing my education at Concordia University.

For as long as I can remember, a university degree was one of my highest aspirations as someone coming from a background in which attaining a proper education was difficult. I am currently majoring in Sociology and I have the intention to pursue a career in Human Development and Family Studies. I would like to sincerely thank you for supporting my dream through your organization, and also on behalf of all the students working to overcome financial difficulties to achieve their dreams. Your generosity truly makes a difference.

With much gratitude and appreciation,

Elham Al Saidani.
